38th Main Road,  
KAS Officers Colony, BTM 2nd Stage,  
Bengaluru, Karnataka - 560072

## OBJECTIVE

I am a highly motivated computer science graduate looking for a challenging role to begin my career and eager to apply my academic knowledge to contribute effectively to a dynamic team and facilitate the organisation's growth.

## EDUCATION

### Kathir College of Engineering, Coimbatore

Bachelor's Degree in Computer Science and Engineering  
2019 - 2023  
• CGPA - 8.19 / 10

### Vivekananda Vidyalaya

#### Matriculation Higher Secondary School, Tiruppur

HSC  
2018 - 2019  
• Percentage - 67.83%

### Vivekananda Vidyalaya

#### Matriculation Higher Secondary School, Tiruppur

SSLC  
2016 - 2017  
• Percentage - 91.60%

## PROJECTS

### Reinforced Adaptive Learning Fake News Detection (REAL-FND) using Machine Learning

- To detect whether the news is Real or Fake using machine learning algorithm
- The goal is to find the best classification algorithm for detecting the fake news

### Analytics for Hospital Health Data

- Understanding the dataset and creating multiple analytical graphs/charts/visualizations.
- Learned fundamental concepts and worked on IBM Cognos Analytics.

### Life Stream

- A Web Application to organize blood transfusion process
- Main objective of the project is to provide blood at emergency times and to integrate common users and volunteers in a single platform.

## SKILLS

### SQL

- Good understanding of SQL concepts like Grouping, Sub-queries, Functions etc.
- Excellent Knowledge of writing SQL queries.
- Solid understand of SQL Joins.
- Good knowledge of DDL, DML and TCL.

### HTML

- Strong knowledge of structuring web content using various HTML elements and attributes.
- Proficient in using forms, multimedia elements, and other features of HTML.

### CSS

- Familiarity with CSS syntax, selectors, and properties, enabling simple styling of HTML elements.
- Ability to apply basic styles to create visually appealing web content.

### JAVASCRIPT

- Familiarity with JavaScript syntax, variables, data types, and basic operators.
- Understanding of control structures such as loops and conditional statements for basic programming logic.

### REACT JS

- Basic knowledge in building user-friendly web applications with React.
- Familiarity in managing state using React's features.

## ACCOMPLISHMENTS

---

- On going **Java Full Stack** course at **Besant Technologies**
- **NPTEL Course Completion** - Python for Data Science, Cloud Computing, Programming in Java
- Certified in "Data Analytics & Regression" Issued by ICT Academy and Powered by IBM Developers Skill Network
- Participated and presented a paper in the AICTE Sponsored National Conference
- Attended Workshop on "Opportunities for Entrepreneurs"
- Participated in Smart India Hackathon 2022

## STRENGTH

---

- Leadership qualities
- Positive attitude
- Problem solving skills
- Quick learner

## LANGUAGES

---

- Tamil
- English
